PVE NOTES			
NPC SQUADS		NPC ACTIVATIONS	
Select an enemy faction and a Threat Level (1-3). Roll 3D6 – each die resolved independently. Look up each result in the faction Spawn Table column for the current TL to identify spawned Units.		After each Player Unit activation, the same player activates one Ready NPC Unit per its Behavior skill. Repeat until all Units have activated. Resolve any Start of Turn skills before activations begin.	
In Campaign play, TL matches the Operation: TL1 for Op 1, TL2 for Op 2, TL3 for Op 3. We recommend using the same faction for all Missions within an Operation.		REINFORCEMENTS (TURN 5+)	
		At the start of Turn 5 and each subsequent Turn, roll 1D6 and consult the Spawn Table for the current TL. Spawn the indicated Units Adjacent to a random Anchor – one Unit per Anchor.	
HORDE MODE NOTES			
STRUCTURE		DOWNED UNITS	
3 Acts × 3 Waves. Each Wave is a reduced PvE mission with one Objective. A Wave ends when all NPC Units are Taken Out.		When a Player Unit reaches 0 HIT, it is Downed instead of Taken Out. Place it on its side. Do not remove it from the battlefield.	
No Extraction required for Wave completion. HIT does not reset between Waves. Every 3 Waves: select a new random battlefield and NPC faction and increase TL by 1. Spend MP on Spoils of War at the end of each Wave.		· Ignored by NPC Units; cannot be targeted in combat.	
WAVE SCORING		· Takes no Damage.	
+1 MP per TL for completing the Wave		· May only perform Move, Dash, or Revive (no Attacks of Opportunity).	
+1 MP per TL for completing the Objective		If all Player Units are Downed simultaneously, the session ends in defeat.	
+1 MP per Turn before Turn 4 the Wave was completed (Turn 1: +3, Turn 2: +2, Turn 3: +1)			
		REVIVE (2 ACT)	
		A Standing Unit that Controls a Downed Squadmate may revive it. A Downed Unit may also revive itself if it Controls a Standing Squadmate.	
		The revived Unit returns to Standing with 1 new Injury and all its HIT remaining	
		HORDE REWARDS (END OF EACH WAVE)	
		3 MP Spoil of War	
		2 MP Medpack – one Unit gains a single-use item: 1 ACT to restore 103 lost HIT to self or a Controlled Unit	
		2 MP Field Dressing – one Unit regains 1 lost HIT	
		6 MP Surgery – remove one Injury from one Unit
