EXTRACT?

NPC SQUADS

Select an enemy faction and a Threat Level (1-3). Roll 3D6 – each die resolved independently. Look up each result in the column for the current TL to identify spawned Units.

In Campaign play, TL matches the Operation number: TL1 for Op 1, TL2 for Op 2, TL3 for Op 3. We recommend using the same faction for all Missions in an Operation.

EXTRACTION & MISSION POINTS

At start of Turn 4, roll a random Anchor as the Extraction Point. At end of Turn 4+, Standing Units within 4" of it and not Adjacent to enemies Extract. Units that fail both conditions count as Taken Out.

+1 MP per Threat Level (always) · +3 MP per completed Objective (only if any Units extracted)

TURN SEQUENCE

ROLL TOS > TURN EVENT > ACTIVATIONS >

EXTRACT?

After each Player Unit activation, the same player activates a Ready NPC Unit per its Behavior. Repeat until all Units have activated.

Resolve any Start of Turn skills and events before activations begin.

Turn 5+: Do not roll Turn Events – apply Enemy Reinforcements automatically.

FIRST MISSION

Skip Mission Modifier and Deployment rolls. Play with Standard Conditions and Standard Insertion to learn the core mechanics.

TURN EVENTS (D6)

Roll at the start of each Turn. Turn 5+: always Enemy Reinforcements.

1 Opportunity

1 Unit spends up to 2 ACT on actions before Turn starts. Not its activation.

2 Field Dressing

1 Standing Player Unit regains 1 HIT.

3 Strategic Command

Player Squad gains +2 TO.

4 Scrambled Comms

Player Squad loses -2 TO (minimum 0).

5 Overrun

All NPC Units immediately perform 1 Action per their Behavior.

6 Enemy Reinforcements

Roll 1D6 → spawn 1 NPC Unit per the TL spawn table, Adjacent to a random Anchor.

OBJECTIVES (2D6)

Roll 2D6 at Mission start; re-roll doubles. Complete both for full MP.

1 Control

Place 3 Objectives on random Anchors. All Controlled at end of Turn 4.

2 Activate

3 Objectives on random Anchors. Activate (2ACT): Remove Objective. All 3 activated.

3 Destroy

Place 3 Objectives (ARM3 HIT2) on random Anchors. All Taken Out.

4 Protect

Asset (ARM3 HIT3) on a random Anchor. NPC priority target. Asset at ≥1 HIT at end of Turn 4.

5 Search

3 Search Objectives on random Anchors. Search (2ACT): 1st = found on 1; 2nd = found on 1-2; 3rd = found automatically. No TO re-rolls.

6 No Survivors

All enemy Units Taken Out.

MISSION MODIFIERS (D6)

Optional. Roll at Mission start. Add current TL to roll (max 6) for increased difficulty.

1 Standard Conditions

No special conditions.

2 Fortified Position

All NPC Units start in Cover and are considered in Cover (regardless of position) until they move for the first time.

3 Fog of War

Max Ranged range 8". Weapons with infinite range treated as RNG8".

4 Blackout

Cannot spend TO to modify dice ±1. All other TO uses (actions, skills, re-rolls) unaffected.

5 Hostile Environment

End of each Turn: each Player Unit within 6" of Center takes 2 damage.

6 Blacksite

No outside support. Do not roll Turn Events this mission – they do not apply for any reason, including Reinforcements in turns 5+.

DEPLOYMENTS (D6)

Roll at Mission start to determine where both squads deploy.
