NPC SQUADS

Select an enemy faction and a Threat Level (1-3). Roll 3D6 - each die resolved independently. Look up each result in the column for the current TL to identify spawned Units.

In Campaign play, TL matches the Operation number: TL1 for Op 1, TL2 for Op 2, TL3 for Op 3. We recommend using the same faction for all Missions in an Operation.

EXTRACTION & MISSION POINTS

At start of Turn 4, roll a random Anchor as the Extraction Point. At end of Turn 4+, Standing Units within 3" of it and not Adjacent to enemies may Extract. Units that fail both conditions count as Taken Out.
